Dear Alums,

Hello again from the shores of Lake Towanda! Okay, we're actually in our warm office in Tucson at the moment, and the shores of Towanda are frozen solid. We're just so happy to be writing to our great alumni at the moment, because that means we've turned the corner on the "off-season," and the summer is coming up. We had a most excellent summer in 2012! 51. It's quite an important number. That is the number of returning cabin counselors we had at camp last summer out of a total of 53. Amazing, huh? When we tallied that number in the spring, we knew we were going to have one of those legendary summers. One of those special camping seasons when decades down the road campers and staff could all look back and pin-point those two months as some of the best of their lives. And, we're happy to say, that's exactly the type of summer we had in 2012.

On top of the awesome returning staff, camp was at full capacity, we had 25 staff members spending ten or more summers at camp, we had campers join us from new communities in Boulder, Omaha, and Columbus, the newly constructed mountain bike pump track kept our adrenaline pumping, the new Air Nautique ski boat ran beautifully, and we only had rainy-day activities once over the course of the entire summer. **RICK & HOLLY JONES** continue as a part of our leadership team at camp, and, we had the privilege of our youngest camp member join us for the second session—six-month old Andy Melrose, son of Assistant Director **JEFF "MEL" MELROSE**. And our Associate Director,

MICHAEL BREEN still makes a huge impact on camp 12 months a year. As we said, 2012 was just one of those special camping seasons.

Of course, all of our camping seasons turn out to be pretty

SWEET TURNS IN THE SLALOM COURSE

darn special. We've always tried to find ways to capture the essence of camp and articulate it to others. We think this year, we've managed to do that better than ever before. A former camper and counselor at camp, **RYAN COHEN** (16 summers at camp!) created 3 new videos for us that really do the trick. You all have got to watch these videos! You can see them right on the front page of our website, www.camp timberlane.com. Click on the link, sit back, and let those camp memories pour over you.

Once you have seen those videos, and all those great memories about your summer days are vivid in your mind, we'd like to tell you about a few ways you can ensure future generations have the same life-altering camp experience:

1. If you know of any camp-age kids that you feel would be interested in camp, we would love to meet them and their families. Hearing about families interested in camp from current camp families and alumni are the lifeblood of the camp and we are extremely appreciative of your help. Feel free to call us directly at (800) 480-1188, or you can send us an email to mike@camp timberlane.com. Thanks!

2. How about getting involved with an incredible organization that sends underprivileged kids to Timberlane and 4 other camps? Last year Timberlane alums and current families and staff helped to raise over \$80,000 to fund full camperships to boys from underserved communities in Chicago and St. Louis. That was a beautiful thing, spearheaded by two of our alums, **ROB SCHILLER** and **MARTY LYNCH**, who decided it was time to step up and make a difference. And it was a great start, but we sure hope to continue the effort again this year, and we have a great idea for you to consider:

Discovering Similarities
Celebrating Differences

SPONSOR A CAMPER THIS SUMMER!

This is really easy. If you and your camp friends get together and raise \$3500, you will make it possible for a boy or girl from an inner-city home to attend a beautiful camp this summer! Maybe your cabin friends or CIT group from your year gets together. 7 people donate \$500 each, a kid goes to camp. Boom! Here's how it can work:

1. Commit to the idea.
2. Contact some of your camp friends and convince them to join you. Look, most people who learn about Camp for All Kids are happy to help out. This won't be hard.
3. Have the people in your group make out their check to Camp for All Kids. Collect them together and send them to us identifying your group's names and identity (i.e. CITs 1991 or Cherokee Cabin 1977, etc).
4. If you prefer, email us with a heads up of your group identity and then people in your group can mail their donations directly to us. We'll keep track of your group's proceeds for you.
5. Donate directly to CFAK from their website (www.campforallkids.org) using a credit card, and indicate your group's identity in the notes on the donate page. Again...we'll keep track of your group's proceeds for you.

We are really proud of the Timberlane family for the support we have provided to these great kids. Many of you have donated already, and we have two alumni, **BRIAN "WILLY" WILLIAMS** and **MIKE "KANTO" KANOVITZ**

who are serving on CFAK's Board of Directors. They know how positive this effort is, and we hope you will throw your support behind it. Please call us if you have any questions. C'mon! Let's keep the momentum going and send some wonderful kids to camp! Thank you all very much!!

If you received this issue via US Mail, we do not have a valid email address for you. Please help us save some trees!
Send your email address to us at mike@camp timberlane.com. Thanks!

PHOTOS! PHOTOS! PHOTOS! We are making a concerted effort to collect photos from different eras at camp. So, bust out those old polaroids, search through long-forgotten computer files, and develop those wind-up cameras and send them our way. We can only accept digital copies, so we ask that you please scan and email any photos that you only have a hard copy of. You can send these photos to mike@camptimberlane.com. Once we collect these photos we will post them on the alumni page of the website and if we get enough we will create different galleries based on eras of camp.

WHAT'S UP WITH CAMP? 2013 is shaping up to be another one for the record books. We will fill our cabins with happy campers once again and we anticipate another huge return from our staff.

We have some really fantastic projects in the work as well. Let's start with trampball. The day after the kids left camp last summer, we had some of our guys grab up some chainsaws, and they did a major demolition of the Tramp area. If you're panting with nervousness right now, don't worry. Trampball is still around, but better than ever! We're just sprucing up the area by building wood decking around all of the trampolines and extending across the entire trampball area. It is a massive undertaking by our phenomenal caretaker **GREG FUS** but when it is all done, the tramp area will be more level, safer, and an absolutely beautiful sight when you first roll into camp.

But that ain't all! We have an even BIGGER project ahead. In May we will build a new building out near Mountain Biking (the old Stables area) that will be our venue to teach and play Floor Hockey and also for Ga-Ga during rainy day activities. It's going to be a huge place, 40' x 90', and with hockey boards around the entire interior, it will come in so handy for our pucks players and for those "heavy dew" days (it never rains at camp.)

We're also excited to add a major addition to our weights program. We have cleared a good amount of space in our weight shack to make room for a brand new Precor Multi-station Strength System. It will be a huge boost to the program and we'll be churning out some buff dudes all summer-long.

And of course, smaller-scale projects continue, including new tables in the Lodge, a new roof here and there, etc. We busy!

The tradition continues as **HAROLD & SHARON HIKEN** make their way from Florida up to their home on Lake Towanda each summer. And as in past years, each of their grandsons paddle with their cabin group across the lake on Cruiser Day to visit with "H" and Sharon, eat some hotdogs, and enjoy a little time in an actual house. The Hikens had 3 grandsons at camp last summer, including one CIT!
